make a decision / be decisive

make a decision / be decisive

be repetitive / redundant

help it grow / I believe in you

achieve

share news

attack / abuse

no use

multiple approaches

just do not???

Can you identify other words or phrases in your own, or others' vocabulary that maintain inaccessibility, violence, or injustice?

What are some practices that can aid us in the evolution to a more healing and nonviolent vocabulary?

What is the role of language in your own practices / areas of work?
